BRIEF PROFILE

I am a recent graduate with a Bachelor of Informatics and Computer Science from Strathmore University. I have hands-on experience in IT support, ERP administration, system administration, network configuration, business systems support and cybersecurity through internships at the Kenpoly Manufacturers Limited and Agriculture and Food Authority.

WORK EXPERIENCE

IT Intern | Kenpoly Manufacturers Limited

February 2026 – July 2026

- **Network Administration:** Support network availability, performance, and security by monitoring connectivity, troubleshooting network issues, and assisting in the maintenance of network infrastructure to ensure uninterrupted business operations.
- **Firewall Administration & Cybersecurity:** Assist in maintaining the FortiGate firewall by managing access controls, monitoring security events, supporting threat remediation, and contributing to cybersecurity initiatives that protected organizational systems and data.
- **Backup & Disaster Recovery Management:** Assist in maintaining and monitoring backups for critical business systems, verifying successful backup completion, and supporting data recovery processes to ensure business continuity and data integrity.
- **User Training & IT Awareness:** Conduct user training sessions on IT systems and cybersecurity best practices, support technology adoption, and assist in developing user guidance materials to enhance digital literacy across the organization.
- **End User Support:** Provide first and second-level technical support by troubleshooting hardware, software, network, email, and system issues, supporting user onboarding and access management, and ensuring timely resolution of support tickets to maintain high user satisfaction.

ICT Intern | Agriculture and Food Authority

April 2025 – September 2025

- **User Support:** Provide technical assistance to staff by troubleshooting hardware and software issues and resolving user requests.
- **Hardware and Software Installation:** Install and configure personal computers and laptops for employees, including Windows 11 installations, ERP, FortiClient and Kaspersky Antivirus to enhance performance.
- **System Administration:** Assist in managing user accounts, configuring emails across different departments, managing access rights on the Kentrade platform, and updating system documentation to enhance ICT service delivery.
- **System Maintenance:** Support in updating and monitoring antivirus, ERP, and FortiClient VPN to ensure secure and reliable operations.
- **Advisory:** Assist ICT staff in promoting security best practices and guiding staff on proper system

usage.

IT Intern | Flamingo Horticulture (K) Limited

January 2024 – March 2024

- User Support: Solved technical problems, troubleshooted hardware and software and offered technical assistance to employees and guaranteed seamless daily operations within the organization.
- Hardware and Software Installation: Installed and configured personal computers for employees, conducted Windows 10 installations and replaced hard disk drives with SSDs to enhance performance.
- Biometric clocks setup and administration: Using fingerprint and face recognition, new employees were seamlessly added to the attendance system ensuring time tracking and access control. Maintained biometric devices by setting up subnet masks, IP addresses and gateways to ensure precise network connectivity.
- Database administration and support: Made sure the biometric attendance system was current and performed database maintenance by eliminating inactive users.
- Network configuration and Troubleshooting: Configured network cables, routers and IP addresses. Installed and tested network connectivity, including patch panel wiring and fixed network related problems at different company locations.

Volunteer | Kenya Red Cross Laikipia (Community-Based Organization)

January 2023 - March 2023

- Distributing RUTF peanuts: Assisted in the offloading and distribution of RUTF peanuts supplies to different health dispensaries in Nyahururu and Timau to support malnourished children.
- Community Outreach and Support: Organized and participated in community service projects such as distributing food and clothing to vulnerable families and people with disabilities.
- Food and Blood Mobilization: Participated in blood donation campaigns by raising awareness, recruiting donors and food donation drives in supermarkets.
- Public Awareness and Dissemination: Conducted educational activities in schools to introduce the Red Cross Club and teach students humanitarian principles. Distributed dissemination letters to different institutions to expand Red Cross engagement.
- Clothing donation management: Received, sorted and organized donated clothes by age and gender ensuring efficient distribution to Red Cross branches and families in need.

EDUCATION

Security Analyst

Cyber Shujaa, Nairobi, Kenya

Jan 2026 – Apr 2026

Bachelor of Informatics and Computer Science

Strathmore University, Nairobi, Kenya

July 2021 – Dec 2024

Mobile Application Development and Web Design

Zalego Institute of Technology, Nairobi, Kenya

Jan 2020 - Apr 2020

Cyber Security

Zalego Institute of Technology, Nairobi, Kenya

Jan 2020 - Apr 2020

Kenya Certificate of Secondary Education

Maryhill Girls' High School, Thika, Kenya

Feb 2016 - Nov 2019

CERTIFICATION

Security Analyst. [Security Analyst](#)

Cyber Security

Gained practical experience in Linux, vulnerability assessment and ethical hacking. [Cybersecurity](#)
